

1 Securing Administrator Passwords

ID-Archive: Secure local administrator, service and application passwords by periodically randomizing them.

2 Animations illustrating the ID-Archive user interface

The following slides include ShockWave/Flash animations, that show users performing routine tasks with the ID-Archive user interface.

These slides are intended to illustrate the various processes exposed by ID-Archive. It should be noted that the “look and feel” of the application is totally customizable, as are various aspects of its behaviour.

3 ID-Archive: IT User View

Animation: ../pics/camtasia/id-archive-3/id-archive-user-1.cam

4 ID-Archive: Security Policy View

Animation: ../pics/camtasia/id-archive-3/id-archive-admin-1.cam
